# ABOUT US

I am a canvas painter, Muralart, and digital art worker who has been involved in the world of art & design for eight years. I have been involved in projects such as murals in various places throughout Bali and outside Bali printing, advertising from various brands and events such as live painting, mural competitions, studio mural exhibitions, murals in various places to add an aesthetic impression to a room that seems ordinary

The beginning of my career began in 2017 I received orders for wall paintings called murals, canvas paintings, and digital paintings where I was able to master several painting techniques: realistic, abstract, pop art, and lineart.

equipped with the skills and experience that make aj mural art active until now
